

Aquasuite Slides for SWAN at Aquatech

Tom Woolley

Aquasuite® – proven AI / ML solution

Well-proven AI & machine learning solution developed in collaboration with clients & universities

Aquasuite® BURST Alert

- Real time data tested against modelled prediction
- Exceptions used to identify leaks, bursts, infiltration and asset failures

Aquasuite® BURST Find

- Burst & leak localisation
- Machine learning from pressure & flow data to locate leaks
