

5 REASONS UTILITIES SHOULD JOIN THE SWAN FORUM

THE LEADING GLOBAL HUB FOR THE SMART
WATER AND WASTEWATER SECTORS

Networking

Collaborate and share best practices with leading, global utilities & technology providers.

Marketing Exposure

Feature your utility and be highlighted as a smart water expert

Research

Access cutting-edge smart water research, industry tools and industry reports.

Professional Development

Speak at events about your smart water journey and help accelerate the industry!

Participate in Global Planning Groups

Contribute and gain insights from regional alliances (APAC, Europe, Americas, India) & Digital Twin Work Group

Membership is annual and on a rolling-basis with significant discounts for utilities depending on their number of customers.
